PANAMA.

Report from Bocas del Toro, fruit port—Sanitary work accomplished—Quarantine.

Acting Assistant Surgeon Osterhout reports, March 23, as follows:

The work of screening all water barrels and tanks, the cutting down of grass, etc., and the oiling of the pools of water has been done in a thorough manner and is to be continued by the Isthmian Canal Commission.

A thorough and reliable quarantine service is now enforced in this port.

A sewer system has been completed, but no house connections have yet been made. The grade of the town is to be raised, and a sea wall has been built around a portion of the town.

PERU.

Report from Callao—Inspection and fumigation of vessel—Plague in Peru.

Assistant Surgeon Wightman reports, March 10, as follows:

Week ended March 9, 1907. The British steamship *Victoria* was dispatched for Ancon, Canal Zone, on the 8th instant, with general cargo and a total personnel of 243, of whom 3 members of crew, 36 cabin, and 74 steerage passengers were from this port. The vessel was fumigated, steerage baggage inspected and passed or disinfected, and steerage passengers for Panama were vaccinated when necessary.

Plague in Peru is reported as follows by the director de salubridad:
